BELLINGHAM, MA 02019

This three day camp offers players from four high schools a chance to sharpen their skills before the football season begins. Our goals are:

*Provide skill development for all positions on offense and defense.

*Allow for a period of focus on special teams.

*Prepare players for preseason by running conditioning drills.

*Provide a competitive component with passing league competitions each night.

*Allow coaches and players to refine their individual, position-specific time periods.

*Provide an opportunity to hear college coaches talk about the recruiting process.
